Annual Bedding Plants from the Finest Exhibition Strains

THIS year we are offering a carefully selected list of indispensable Bedding Annuals. They furnish the garden with a wealth of color throughout the difficult summer months. Even the hardened perennial enthusiast must yield to this most intriguing group of plants.

Our plants have been grown with great care and skill. Started early and grown slowly, on the cool side, they are endowed with splendid root systems, and should provide both house and garden with an abundance of bloom.

Prices: Except where noted, potted material \$1.50 per doz., \$12.00 per 100.
